

NAVEEN KUMAR VARMA NAGARAJU

WEB DEVELOPER

PROFILE

Dynamic leader and adept communicator with a proven track record at the Praveen Kenneth Chair on Leadership and as a Sergeant in the National Cadet Corps. Excelled in fostering leadership and teamwork while also mastering technical skills in Python and data analysis. Recognized for empowering peers and driving impactful initiatives.

WORKING EXPERIENCE

Praveen Kenneth Chair on Leadership 2021 - 2023

Core Committee Member

- Thrilled to be a core committee member of the prestigious Praveen Kenneth Chair on Leadership.
- Contributing to impactful initiatives that shape aspiring leaders by fostering essential skills such as communication, critical thinking, and resilience.
- Honored to be part of a team dedicated to empowering the next generation of leaders.

National Cadet Corps | 2020 - 2023

Sergeant

- C Certificate Holder with 'A' GRADE.
- Served as a sergeant in the National Cadet Corps, I honed teamwork, leadership, and communication skills, contributing to fellow cadets' growth.
- I represented Kar and Goa Dte at the SSB Training Camp and received the Vice-Chancellor's Commendation.

PROJECTS

- **Discord Bot, 01/23 - 04/23**
 - This project aims to create an interactive discord bot for various industries, providing detailed documentation and a public server for user use.
- **MAICar, 01/23 - 04/23**
 - This project aims to create an automated robot car using Raspberry Pi and Arduino Uno boards for various tasks, including Bluetooth control via mobile phones and video transmission, using C language and Python programming respectively.
- **Wine Quality Classification using Machine Learning Models, 07/23 - 10/23**
 - This project using machine learning algorithms to predict wine quality, improving decision-making in the wine sector and demonstrating proficiency in feature engineering, data science, and model building.
- **Society Management System, 07/23 - 10/23**
 - This project automates the residential society administration, improving resource allocation, communication, and community engagement through agile methodologies, providing a single point of contact for residents.
